# ABOUT UNIVERSITY

The European University of Georgia, established on 21 January 2011, is one of the prestigious educational institutions in Georgia. Where there are more than 300 academic and more than 100 administrative staff, due to whose continuous efforts there are about 17 recognized educational programs taught today. The University has qualified and hardworking academic staff and scientists to empower the teaching and learning process.

Owing to more than 9 years of academic and scientific experience working as a leading university, it is one of the best medical institutions in Georgia, which has a reputation throughout Georgia as well as in other countries of the world. The University has laboratories, libraries and other necessary facilities equipped with modern technical equipment used in medical science.

Due to a special student-oriented policy and scholarship scheme of this university, children from all over the world come here to study.
